Email: ramankumarattri@kla-tencor.com

Website: <http://www.linkedin.com/in/rkattri>

Raman is a Certified Management Consultant and Certified Professional Trainer with 15 years of concurrent career in product development programme management and technical training.

Currently he is working as Global Learning and Training Manager with KLA-Tencor which is named as one among world's top 10 training organizations by 'Training magazine'. Prior to this he has served as Technical Training Manager, Training Consultant, Trainer and Instructional designer for India, US and Switzerland based training organizations. He has also served on range of engineering positions like Systems Engineering Manager, Project manager, Scientist and Product Development Manager.

Over the past 15 years, he has established his expertise in performance based training, instructional design, learning management and integrated learning & knowledge processes. He specializes in ISPI HPT, PBET and SKA training standards for business focused training. He has keen research and practice interests in the area of developing models and tools to develop personal effectiveness and deliver peak professional performance by using Personal foundation Systems, Personal value System, Personal Knowledge Management and Peak Personal Performance.

His portfolio includes global attachment as registered trainer, consultant, university mentor and committee panelist with leading forums, universities and training organizations in USA, India, Ireland, UK, France, Australia, Switzerland, USSR, Netherlands, Vietnam, and Philippines to name a few.

His contributions in training and consulting fetched him the nomination as Honorary Training Director for Institute of Information Technology & Engineering India for 5 years and currently on the advisory board as Honorary Director with JAAN Netlink Inc.

Over the years, he has earned numerous international certifications from professional organizations in USA: Certified Professional Trainer, Certified International Training manager, Certified Management Consultant, Certified Market Research Analyst, Certified engineering Manager, Certified International Project Manager, Certified Product Manager, Certified Project Director and Certified Quality Director to name a few.

Electronics Engineer by background, he earned 3 Masters Degrees including 2 MBA and 1 Masters in Technology. Currently he is pursuing his Ph.D. in Organizational Learning. In addition he holds numerous diploma, PGD and certifications in Training, Development, Learning, Instructional design, product development and consulting.
