It was a wonderful event in which the whole team of EXCO members were committed to. It ranges from voice training, singing, dancing, memory performance, magic and entertaining speech performed by top trainers.

Overall, a fantastic event.

The Christmas Bash (18/12/08) was delightful, with presentation of talents, acting as a catalyst for aspirants of perfection in professionalism as trainers There was good interaction among members and guests, something to be encouraged, and to be nurtured by members to bring in new strength to the Association. All the best to President and members.....

My international work experience has given me the opportunity to attend many events in different parts of the world. I am happy that APT Singapore is of a standard equivalent to some of the best meetings and workshops I had participated. Well done to the committee members. I look forward to many more fruitful meetings with you.

I wish to thank you and board members for invitation to the APTS Christmas Bash and gathering. Utmost appreciated. Must admit, that I have learned in a very short time quite few new things including Dr. Mel Gill's 30 minutes self-esteem and audience talking presentation. Atmosphere was beautiful with lots and carefully dosed humor. Thank you again.

Wish all of You, APTS members and families a Happy, Healthy and Prosperous New Year 2009.
