My international work experience has given me the opportunity to attend many events in different parts of the world. I am happy that APT Singapore is of a standard equivalent to some of the best meetings and workshops I had participated. Well done to the EXCO committee members. I look forward to many more fruitful meetings with you.

Both the Events organized by APTS on 26th Feb 2009 are really worth for the Time and the Money spent. The Quote I learned from one of the Speaker "Practice Make Perfect" is a wonderful quotation.
