**Last night's meeting is definitely one of the best meetings which I have ever attended. It presents great networking opportunities and the members made me feel so welcome, it's as if I have known them for a long time. The speakers are outstanding and engaging in imparting their knowledge. Never a dull moment! Looking forward to all the exciting events and programs lined up for next year, especially the training program which is highly relevant to me as a wannabe trainer. Best of all, with all its privileges, membership fees are inexpensive. Wish I had joined much earlier but as they say, it's never too late.**

**The monthly meeting of APTS in November was truly a most rewarding time spent in the company of likeminded trainers. And even more opportune was the chance to hear and learn from two experienced practitioners in the training field on their respective takes on the kind of power point materials that a trainer can develop to maximise the training experience for participants. Both speakers had such beautiful gems of practical knowledge and tips that they so passionately and selflessly shared. One can't help but feel inspired and motivated to be an even better trainer.**
